A.H.S. Newscast

By Peggy Wooten

Hello there!

Exams are being flaunted in the faces of the Seniors this week. By the way, they are seen studying you'd think their life depended upon them. Classes for next year are being lined up and slated. Mr. Jerry Miller, D. E. and D. O. Instructor, has been giving aptitude tests this week to interested students.

The F. B. L. A. gave a skit for the Junior Chamber of Commerce meeting Monday evening. Those participating were: Agnes Davidson, Geraldine Lucado, Margaret Deaner, Ralph Reynolds, and Floyd Fleshman. Reports say that it was a wonderful performance.

In order to end this year well, we should try to give an account of all materials borrowed and not returned. Mrs. Smith and Miss Gertrude Ranson, of the County Library and Miss Julia Asher, of the School Library, have given notice that they would like to have all library books back in the library by May 25.

The F. B. L. A. will be sending two of its members to summer camp this year. They are Yvonne Ferguson and Jane Moore.

The Seniors are practicing every minute they can for commencement exercises. This seems to be a most interesting program. The title of the Class Night program is "The Senior Merry-Go-Round."

The Spanish Club had its initiation of new members Tuesday. All students were required to dress as Spanish people. The day ended with a picnic at Holliday Lake. Those initiated were: James Almond, Jack Caldwell, Fontaine Conner, Andrew Gurney, Frank Hanenkrat, Buddy Poe, Barbara Almond, Anne Abbitt, Yvonne Ferguson, Janice McClenny, Nancy Martin, Virginia Rush, Joan Weeks and Barbara Wooldridge.

The S. C. A. held its installation service on Wednesday. The newly electd officers were installed at this time. They are pictured elsewhere in today's paper.

Mr. H. E. Kerr, principal, awarded a certificate of recognition to the S. C. A. for this year. This certificate was issued by the State S. C. A. in recognition of the outstanding accomplishments of this organization. He also awarded at this time awards for outstanding accomplishments in the Forensic Club. Sharp interesting program. The title of the Class Night program is "The Senior Merry-Go-Round."

Well, this is all for this week. See you soon.

Peggy.

VEPCO Directors Meet

Richmond, Va.- The Virginia Electric and Power Company Board of Directors at a meeting here May 17 approved the construction of 300,000 kilowatts of additional generating capacity, declared dividends on preferred and common stocks, re-elected present officers, approved in principle a plan to sell First Mortgage Bonds this fall and appointed an Associate General Counsel and an Assistant General Counsel.

The additional generating capacity approved consists of two 150,000 kilowatt generating units which will cost a total of $43,000,000. One of these will be a second unit scheduled for completion late in 1958 at the new Yorktown power station now under construction where an initial 150,000 kilowatt unit will be completed in 1957. The other 150,000 kilowatt generating unit authorized by the directors will be constructed at the Portsmouth power station. This will be the third unit in this station and will increase its overall installed capacity to 350,000 kilowatts in 1959. The Portsmouth station was constructed in 1953 with an initial installed capacity of 100,000 kilowatts and in 1954 a second unit of like size was completed.

The 300,000 kilowatts of generating capacity authorized May 17, together with the 150,000 kilowatts of capacity under construction in the new Yorktown station and a unit of like size being installed in the Bremo station, near Charlottesville, will increase the installed capacity of Vepco's system to 1,742,569 kilowatts by 1959.

NEW BOOK IN THE COUNTY LIBRARY

A Thing of Beauty, by A. J. Cronin is the story of a great painter whose search for beauty led him to give up everything for art - a family, friends, social position, career, ultimately his very life— who bequeathed to others a heritage of immortal beauty. Knowing his father's profoundest wish, that his son should succeed him as Rector of Stillwater, Stephen Desmonde tried to be worthy. But the siren call of art was too overwhelming; he felt driven as though by demons to pursue his vision of the world's beauty. He must put on canvas the truth as he saw it, whatever the cost might be, whether it was the blank understanding of his family or the ridicule of the public. Few artists could have survived the scandal and mockery he had to endure in the sensational trial that stirred all England. Indeed, Stephen Desmonde himself could not have survived without the tender and understanding love of the unforgettable Jenny Dill, the uneducated but strangely wise little Cockney girl whose devotion kept him going when all else failed. It was Jenny who restored his confidence in himself and his vision, and in her love he found the serenity and peace that marked his greatest creations.
